**Section 1**  
**Statement of Work**

**2013 Cooperative Flatfish Catchability Study**  
**Georges Bank**

**1.0.GENERAL**

The Cooperative Research Program of NOAA Fisheries' Northeast Fisheries Science Center (NEFSC) is seeking a charter vessel partner to participate in a priority research project relative to Northeast fisheries. The vessel shall be involved in conducting a catchability study and biological sampling of flatfish populations on Georges Bank. The purpose of the sampling will be (1) develop comparative estimates of flatfish abundance in a relatively small and productive flatfish area using different vessels and gear; (2) to better understand the relative catchability of the surveying system on the NEFSC R/V Henry Bigelow; and (3) to provide biological sampling of flatfish populations in this area.

The project will evaluate differences in catchability and flatfish abundance estimates of a 4-seam net with a cookie sweep fished on the commercial vessel selected for this work with the same 4-seam net with a rockhopper sweep fished aboard the R/V Bigelow simultaneously on Georges Bank. The study will focus on yellowtail flounder and winter flounder, but the project will broadly address flatfish catchability. Results will be used to calibrate a possible future flatfish pilot survey designed to improve sampling density and precision of flatfish biomass estimates on Georges Bank.

The vessel selected will be tasked with sampling between 50 and 60 bottom trawl stations on Georges Bank during a 6 day trip. The sampling must occur concurrently with sampling aboard the R/V Bigelow in the same area to ensure maximum comparative power.

**2.0. SPECIFIC TASKS AND RESPONSIBILITIES**

**2.1. Period of Performance**

The planned period of performance is a 6-day trip during the month of October, 2013. Since all sampling must occur concurrently with the R/V Bigelow during a break in operations in the standard NEFSC fall survey, the exact time of the sampling days will not be known until approximately two weeks before departure, so some flexibility will be required on the vessel's part.

If survey work is completed in less than the allocated time, the vessel will be reimbursed for only those days actually at sea (sea days). A sea day is defined as any part of a calendar day spent steaming to or from the port of departure for the purpose of conducting the research, and the days actually spent conducting the sampling. Calendar days of less than 24 hours will be prorated at an hourly rate based on the daily rate agreed upon for the contract period. Conducting the research is defined as steaming to each station, towing at each station location and laying-to due to bad weather or scientific equipment failure.

The selected vessel shall be at the home port one day prior to the start of the research cruise prepared with the necessary fuel, food and crew to conduct a 6-day cruise. Loading of the scientific staff and their equipment will be done at a mutually agreed time prior to the beginning of the cruise.

Section I  
Statement of Work

The vessel shall be placed off-hire in the event of loss of time due to any Contractor and vessel-related operational deficiencies. Any underway days lost by the vessel during the currency of the contract due to excusable delays as defined in FAR 52.212-4f shall be added to the cruise period per contract modification (See FAR 52.212-4c and FAR 52.212-4f). This is completion effort contract. If the requirement cannot be completed by October 31, 2013 (base and options), then the period for the survey work and completion may be extended to the next fishing season. This would be accomplished through written modification to the contract and only for those delays outside the Contractor's control.

## **2.2. Cruise Operations**

Prior to the commencement of the cruise, the vessel will be made available to NEFSC scientific staff, on mutually-agreed upon date(s), to inspect the vessel, install scientific equipment, and to meet with the Master and owners. Any software, gear, nets and/or equipment installed on the vessel for the purpose of conducting the research cruise will be removed by NEFSC at the end of the cruise.

The vessel must have a minimum of five (5) crew, including Master, mate, engineer and cook, to operate the vessel and to support fishing and scientific operations. The Master and at least one other member of the ship's crew must be fluent in English. While at sea, the Master is responsible for the operation of the vessel and safety of the scientific staff and crew. The crew is responsible for operation of the vessel, fishing operations and assisting with processing of the catch. It is imperative that all fish be removed from the entire net after each set to ensure that all fish recorded are from the correct tow. Any damage to the vessel and its gear which occurs during the cruise is the responsibility of the vessel. The Chief Scientist will be in charge of the cruise track and overseeing the scientific sampling.

The cruise will take place on Georges Bank in water depths ranging from 15-60 fathoms. Fishing will occur day and night; operating on agreed-upon watches, at pre-determined station locations provided to the Master prior to departure for his/her review. The station locations will be identified during final contract negotiations. The fishing nets will be the Bigelow 4-seam net with cookie sweeps provided by NEFSC. Suitable trawl doors will be identified and provided for each vessel with the help of NEFSC gear specialists. The vessel will be required to provide a net mensuration system capable of accurately measuring door spread, wing spread and headrope height. It is imperative that tows be conducted according to standard operating procedures which will be provided prior to departure. These will include a standardized tow time (time net is in contact with the bottom), a standard towing speed, and standardized setting and retrieval procedures.

Retention and sale of catch from survey tows will not be permitted. A Scientific Research Permit from the National Marine Fisheries Northeast Regional Administrator will be obtained by the Contracting Officer Technical Representative (COTR) and maintained onboard the vessel for the duration of the survey. No Days-At-Sea (DAS) will be charged to the vessels under this survey activity; the vessel will be considered a NOAA research vessel under this contract.

Section I  
Statement of Work

The vessel shall utilize and maintain nautical charts, deck log and/or computer software(s) that provide a record of the vessel's location, operations, operating conditions and any vessel-related significant events. These charts, logs and software output(s) shall be made available upon request of the Chief Scientist. The Master shall provide access to scientific personnel of GPS location data, speed, RPM, and other available operations data during the trawling activities, either by recording or electronically logging these data.

Nothing herein contained shall be construed as creating demise of the vessel to the Government. The Contractor under this contract shall retain complete and exclusive possession and operation of the vessel and its navigation.

### **2.3. Provisions**

Three meals per day (breakfast, lunch and dinner) shall be prepared by the vessel cook for 5 scientists per vessel. Meats shall be included at each lunch and dinner along with two vegetables and dessert or fruit. Milk, coffee, tea, water, cold juice and soft drinks shall be available at all times. Meals shall be prepared during each day of vessel operation under this contract.

### **2.4. Emergency Medical Care, Safety and Health**

a. Medical Services. The Contractor shall provide a qualified Emergency Medical Technician (EMT) holding current National certification (preferred) or at least one crewmember trained in advanced first aid, CPR and automated external defibrillator (AED) use while underway for the duration of the contract. The medical person in charge is responsible to the Master for health of crewmembers and Scientific Field Party personnel including emergency and routine care, preventative medicine and medical administration. The medical person in charge shall assist the Master in developing plans and procedures for dealing with medical emergencies, including obtaining shore side medical advice/assistance and designating and training other shipboard personnel to provide assistance in emergencies.

b. Medical Provisions. The Contracted vessel shall be outfitted with a current first aid manual, complete first aid kit and automated external defibrillator (AED). The Contractor shall provide a designated area to accommodate first aid treatment, medical equipment and other medical provisions. The Contractor shall establish adequate and reasonable controls and procedures for the custody and safekeeping of all medical supplies, equipment and controlled medical substances.

c. Medical Records. The Contractor shall maintain medical records aboard the vessel for Scientific Field Party personnel containing a minimum medical history and on-board treatment records. The confidentiality of these records shall be protected in accordance with the Privacy Act at 5 USC 552a.

d. Hazardous Materials. The Contractor shall follow all applicable regulations and standards pertaining to the Pipeline and Hazardous Materials Safety Administration, Department of Transportation contained in 49 CFR.B.1. The Contractor shall maintain a current library of Material Safety Data Sheets (MSDS) for all hazardous materials aboard the vessels and shall make them readily available to all personnel on board. The Chief Scientist will provide the Contractor with a

Section I  
Statement of Work

current copy of an MSDS for any/all hazardous materials brought onboard the vessel by the Scientific Field Party. The Chief Scientist will be responsible for the removal of all hazardous materials not consumed during scientific operations and for the removal of all hazardous materials, if any, generated by the Scientific Field Party. The Government will provide the personal protective equipment required for the safe handling of those hazardous materials brought onboard by the Scientific Field Party. The Contractor is responsible for the compliance with all applicable environmental, health and safety laws and regulations pertaining to shipboard operations, including the use of hazardous materials, and the treatment, storage and disposal of hazardous materials (if any) generated by the vessel. It is not anticipated at this time that any hazardous materials will be brought on board. However, if this changes, arrangements will be made with the Master to accommodate the above requirements. Additional safety requirements such as an emergency eye wash station will also need to be arranged. These arrangements will be made in cooperation with the Master

## **2.5. Living and Working Conditions for Scientific Personnel**

a. Liquor or Illegal Drugs. During the cruise period, the possession or use of intoxicating liquor and or illegal drugs by any person aboard the vessels is not permitted, and may be grounds for termination of the Contract by the Government. The Contractor shall comply with the requirements to maintain a Drug Free Workplace contained in FAR 52.223-6.

b. Firearms. During the cruise period, all firearms, should any be onboard, shall be kept under lock and key by the Master.

c. Smoking. Smoking shall be prohibited in all interior spaces occupied by or utilized by the Scientific Field Party. Smoking on deck shall be in designated areas only.

d. At no time during the vessel charter period which includes staging and destaging in-port times, shall any member of the scientific party or crew be subjected to or take part in, any acts of discrimination based on sex, disability, race, color, ethnic nationality or gender identification. This includes discriminatory comments, jokes, propaganda, harassment or biasness, whether directly or indirectly involving a member of the scientific party or crew member.

e. Pornographic Material: All pornographic material, such as magazines, movies, calendars, etc will be removed from all public/common areas on board the vessel during the duration of the vessel charter period.

f. Water intended for personal use and consumption that is taken, produced, or stored aboard the vessel shall be handled in accordance with applicable regulations. Evidence of bacteriological and chemical testing of shipboard potable water taken from the vessel's storage tanks via the vessel's distribution system by a certified laboratory within three months of the charter period shall be provided. Potable water shall be tested and treated to maintain a pH of 6.8 to 7.8 and a residual halogen content of 0.2 ppm to 2.0 ppm free available chlorine (or equivalent) weekly. Water should be free of tastes, odors, and turbidity that would be objectionable to the majority of those on board.

## **2.6. Passengers**

The Contractor shall not permit any passengers to be transported aboard the vessel for any reason without specific approval of the COTR. This restriction applies to Government employees, Contractor's employees who are not crewmembers, Scientific Field Party personnel not assigned and the general public.

## **2.7. Security**

The vessel shall provide a security watch while in port to ensure that unauthorized personnel are not permitted to board the vessel from shore or via the harbor. Emergency phone numbers for local port officials and law enforcement shall be available to the person on watch. Best marine practices shall be in place while underway to ensure that unauthorized personnel or craft are not permitted to approach the vessel. The Master of each vessel shall take all additional customary and reasonable precautions to ensure that no harm befalls the vessel while in port and at sea.

## **3.0. VESSEL REQUIREMENTS**

### **3.1. Minimum Vessel Specifications**

- 1) The vessel must be capable of safely trawling on the continental shelf in water 15-60 fathoms.
- 2) The vessel shall have been actively used for commercial trawling or research where trawl gear was used in the past 12 months
- 3) The vessel must be able to tow the standard Bigelow net with cookie sweep continuously for 30 minutes under all weather conditions. Typically this will require a minimum continuous horsepower of 400 or greater.
- 4) The vessel must be able to maintain a minimum cruising speed of 8 knots in low sea states.
- 5) The vessel must be completely rigged for trawling including:
  - a. A stern ramp and gallows or gantry
  - b. At least one net reel; 2 net reels preferred
  - c. Split trawl winches with a minimum of 150 fathoms of trawl wire in good condition and free of signs of excessive wear (frayed, broken strands, excessive corrosion etc.)
  - d. The ability to measure the trawl wire deployed
- 6) A well-lit, sheltered deck area clear of obstructions of at least 100 ft<sup>2</sup>
- 7) Electrical power outlets available to work area
- 8) The ability to efficiently discard fish overboard
- 9) A dry storage area for scientific supply storage of at least 150 ft<sup>2</sup>.
- 10) Sufficient capacity on deck or in hold to store at least one backup net, codend and sweep sections.
- 11) A suitable, dedicated, dry counter area on the bridge large enough to accommodate one computer and monitor with adjacent 110/115 volt power outlets for collection of vessel sensor data.

Section I  
Statement of Work

- 12) Clean, sanitary, and sufficiently ventilated individual berths with mattresses for 5 scientists (no hot bunking). Bunk areas shall contain at least one drawer or closet per scientist for storage of clothing and personal gear. Bunking arrangements for a minimum of 5 crew members is the responsibility of the vessel.
- 13) A minimum of one head, one shower and sink with hot water that is available to scientific crew.
- 14) Fresh water supply adequate for 10 people for 6 days (minimum 2,000 gal).
- 15) Sufficient potable water for 10 people for 6 days.
- 16) Mess facilities for concurrent seating of 5 people

### **3.2. Electronic and Communication Equipment Requirements**

- 1) Radios:
  - a. VHF (minimum 2)
  - b. Single side-band
- 2) Radar (2 units with minimum range 40 nm)
- 3) GPS (minimum 2 units)
- 4) Plotters with capability of plotting input from GPS
- 5) Depth sounders (minimum 2, different frequencies preferred)
- 6) Email capability
- 7) weather FAX machine desirable but not required
- 8) Net mensuration system capable of accurately measuring and reporting door spread, net spread and headrope height.

### **3.3. Crew requirements**

1. The Captain shall have a minimum of three years of bottom trawl fishing experience as Master of a comparable-sized trawler in north Atlantic waters, and at least five years total fishing experience as a Master.
2. The Captain shall be competent in the use of modern navigational and fish-detecting equipment and be skilled in the rigging and repair of bottom trawls.
3. At least two other members of the crew shall have a minimum of three year's experience in otter trawl fishing and demonstrated experience in building, rigging, repairing and operating bottom trawls. They must possess demonstrated competence for repairing damaged trawls to their original specifications based on a net plan.
4. The designated cook should have adequate experience in the planning and preparation of three daily meals at sea for groups of 10 people.
5. Offerors shall include documentation indicating pertinent employment experience for each crew member indicating the requisite experience. Similar documentation will be submitted to the Contracting Officer's Representative for approval of all replacement personnel propose for hire during the charter.

### **3.4. Safety**

The Contractor shall provide documentation that a USCG Fishing Vessel Safety Inspection has been passed within one year of the start of the cruise. The vessels shall meet all safety, firefighting and lifesaving equipment requirements as found in applicable sections of Title 46 of the Code of Federal Regulations, Part 28. The vessels shall be outfitted with personal floatation devices and survival craft of sufficient number and capacity to accommodate all on board including visiting scientific party and of the type required for a vessel of its size, class, and service in accordance with 46 CFR. There shall be two identified escape routes from all general areas.

A navigational watch shall be maintained at all times while the vessel is at sea. No crew member shall be required to work continuously in excess of 12 hours at any given time on any given day. Under normal operating scenarios, all crew members shall be provided at least two rest periods per 24 hour period, one of which must be at least six continuous hours in duration. Aboard vessels employing a one-person bridge watch, a tamper resistant audible watch or bridge alarm in the wheelhouse is required with an activation cycle not to exceed 15 minute intervals during the charter.

All vessels must have an emergency source of electrical power, independent of the main source of electrical power, to provide power to emergency loads in accordance with USCG or SOLAS requirements for a vessel of its size, type, and service. At a minimum, chartered vessels shall have a means to provide emergency power to the following equipment: emergency lighting, navigation equipment, navigation lights, general alarm systems (where fitted), and emergency communication systems and equipment. The emergency source of electrical power must be capable of supplying connected emergency loads continuously for at least three hours and must be located in a space or locker other than the main machinery space. Batteries of sufficient size and capacity may serve as an adequate source of emergency power.

Survival suits for the ship's crew must be provided by the Contractor; the scientific party will provide their own survival suits. The Government reserves the right to inspect the vessels for safety, firefighting and lifesaving capabilities in accordance with a memorandum of understanding between NMFS and the USCG prior to award and commencement of the research cruise. A thorough pre-cruise orientation aboard each vessel shall be conducted for the scientists and crew regarding the vessel's safety, firefighting and lifesaving capabilities assigned responsibilities and procedures.

### **3.5. Stability**

The vessel shall be of design and shall be operated and maintained in a condition that warrants it seaworthy and stable in accordance with the American Bureau of Shipping's Guide for Building and Classing Fishing Vessels and the 46 CFR, Part 28, Subchapter E as applicable, taking into consideration itinerant loads identified herein.

All vessels chartered by NOAA shall have stability information and instructions derived based on tests and calculations, in a format required by regulation applicable to the vessel's size, type, and service.

Section I  
Statement of Work

Vessels shall have, as a minimum, a Stability Letter that reflects the vessel's current configuration and intended service, signed by a qualified individual (a recognized naval architect or naval architecture firm having been trained in and having experience in matters of stability calculations) certifying that the vessel meets intact stability requirements, taking into account the loading, over-the-side lifting, and at-sea conditions under which the vessel will reasonably be expected to operate during the charter. The stability letter shall contain instructions and guidance for the vessel's operating personnel intended to maintain satisfactory vessel stability and shall include information regarding loading constraints and operating restrictions under varying conditions. Vessels 79 feet or less, for which regulatory stability evaluation criteria is not available or applicable, may provide evidence that stability has been evaluated by a qualified individual using best available data in lieu of an official Stability Letter required by regulation.

All vessels chartered by NOAA shall have and shall maintain stability information aboard the vessel. All vessels chartered by NOAA shall be operated in accordance with the vessel's stability instructions and guidance.

### **3.6. Material Condition, Structural and Watertight Integrity**

The Contractor shall provide one or more of the following, reflecting the vessel's current configuration, as evidence of the vessel being maintained in a seaworthy condition: evidence of a drydocking survey, or underwater survey in lieu of drydocking, and an internal structural examination within the two years prior to the initiation of the cruise; or proof of satisfactorily passing an inspection completed by the Contractor's marine insurance carrier within one year of initiation of the cruise. The Government reserves the right to inspect the vessel's material condition with respect to maintenance of vital systems, vessel configuration, and watertight integrity prior to award and commencement of the cruises.

### **3.7. Regulatory Compliance**

The vessel shall be outfitted, operated and maintained to meet all applicable federal, state and local environmental, health, safety and pollution control regulations. The Contractor shall have on board during the currency of this contract all certificates, records and other documents required by applicable laws and regulation including a "Certificate of Financial Responsibility" meeting requirements of the U.S. Coast Guard for vessels over 400 tons. Vessels must not have any current operator or vessel permit sanctions.

### **3.8. Reimbursable Supplies - Fuel**

(a). The vessel's fuel tanks shall be topped-off at the beginning and end of each leg. The Government shall reimburse the vessel for the cost of fuel used during a trip, in addition to the daily vessel cost. The Government will reimburse the Contractor only for the actual price paid for fuel. Reimbursement will be provided upon receipt of a copy of the paid invoice attached to a Contractor invoice for those services. Payment may only be made to the Contractor of the vessel charter. A Government Representative and a vessel crew member shall, together, verify the volume of fuel on board at the beginning of the charter and the end of the charter, in order to ensure the Government pays for no more or less fuel than the performance of the charter requires.

Section I  
Statement of Work

(b). When the Contractor expects total funding expended to reach 85 percent of the total funds available for fuel, the Contractor shall notify the COTR and Contracting Officer within one day. The notice shall state the estimated amount of additional funds required to continue performance for the period specified in the Schedule. The Contractor shall not exceed or incur costs that exceed the amount of funding available for fuel. The Government is not obligated to reimburse the Contractor for fuel in excess of the funded amount stated in the schedule.

**4.0. DELIVERABLES**

Following is a schedule of administrative deliverables required during the period of performance of this contract:

SECTION II  
CONTRACT TERMS AND CONDITIONS

\_\_\_ (ii) Alternate I (Apr 2003) of 52.247-64.

(c) The Contractor shall comply with the FAR clauses in this paragraph (c), applicable to commercial services, that the Contracting Officer has indicated as being incorporated in this contract by reference to implement provisions of law or Executive orders applicable to acquisitions of commercial items:

[*Contracting Officer check as appropriate.*]

\_\_\_ (1) 52.222-41, Service Contract Act of 1965 (Nov 2007) (41 U.S.C. 351, *et seq.*).

\_\_\_ (9) 52.237-11, Accepting and Dispensing of \$1 Coin (Sept 2008) (31 U.S.C. 5112(p)(1)).

(d) *Comptroller General Examination of Record*. The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, and does not contain the clause at 52.215-2, Audit and Records—Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e)(1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c), and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in this paragraph (e)(1) in a subcontract for commercial items. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause—

SECTION II  
CONTRACT TERMS AND CONDITIONS

(i) 52.203-13, Contractor Code of Business Ethics and Conduct (Apr 2010) (Pub. L. 110-252, Title VI, Chapter 1 (41 U.S.C. 251 note)).

(ii) 52.219-8, Utilization of Small Business Concerns (Dec 2010) (15 U.S.C. 637(d)(2) and (3)), in all subcontracts that offer further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds \$650,000 (\$1.5 million for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(iii) 52.222-17, Nondisplacement of Qualified Workers (JAN 2013) (E.O. 13495). Flow down required in accordance with paragraph (l) of FAR clause 52.222-17.

#### **5. CAR 1352.201-72 CONTRACTING OFFICER'S REPRESENTATIVE (COR)(Apr 2010)**

(a) Carolyn Woodhead is hereby designated as the Contracting Officer's Representative (COR). The COR may be changed at any time by the Government without prior notice to the Contractor by a unilateral modification to the contract. The COR is located at:

SECTION II  
CONTRACT TERMS AND CONDITIONS

National Marine Fisheries Service  
55 Great Republic Drive  
Gloucester, MA 01930  
Phone Number: 978.281.9197  
Email: carolyn.woodhead@noaa.gov

(b) The responsibilities and limitations of the COR are as follows:

(1) The COR is responsible for the technical aspects of the contract and serves as technical liaison with the Contractor. The COR is also responsible for the final inspection and acceptance of all deliverables and such other responsibilities as may be specified in the contract.

(2) The COR is not authorized to make any commitments or otherwise obligate the Government or authorize any changes which affect the contract price, terms or conditions. Any Contractor request for changes shall be referred to the Contracting Officer directly or through the COR. No such changes shall be made without the express written prior authorization of the Contracting Officer. The Contracting Officer may designate assistant or alternate COR(s) to act for the COR by naming such assistant/alternate(s) in writing and transmitting a copy of such designation to the Contractor

(End of clause)

**6. FAR 52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)**

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 15 days prior to expiration of the current contract period.

(End of clause)

**7. FAR 52.217-7 OPTION FOR INCREASED QUANTITY – SEPARATELY PRICED LINE ITEM (MAR 1989)**

The Government may require the delivery of the numbered line item, identified in the Schedule as an option item, in the quantity and at the price stated in the Schedule. The Contracting Officer may exercise the option by written notice to the Contractor any time during the period of performance. Delivery of added items shall continue at the same rate that like items are called for under the contract, unless the parties otherwise agree.

(End of clause)

**8. CAR 1352.228-70 INSURANCE COVERAGE (APR 2010)**

(a) Workers Compensation and Employer's Liability. The Contractor is required to comply with applicable federal and state workers' compensation and occupational disease statutes. If

SECTION II  
CONTRACT TERMS AND CONDITIONS

occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability section of the insurance policy, except when contract operations are so commingled with a Contractor's commercial operations that it would not be practical to require this coverage. Employer's liability coverage of at least \$100,000 shall be required, except in states with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers.

(b) General liability.

(1) The Contractor shall have bodily injury liability insurance coverage written on the comprehensive form of policy of at least \$500,000 per occurrence.

(2) When special circumstances apply in accordance with FAR 28.307-2(b), Property Damage Liability Insurance shall be required in the amount of \$0.00.

(c) Automobile liability. The Contractor shall have automobile liability insurance written on the comprehensive form of policy. The policy shall provide for bodily injury and property damage liability covering the operation of all automobiles used in connection with performing the contract. Policies covering automobiles operated in the United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage.

(d) Aircraft public and passenger liability. When aircraft are used in connection with performing the contract, the Contractor shall have aircraft public and passenger liability insurance. Coverage shall be at least \$200,000 per person and \$500,000 per occurrence for bodily injury, other than passenger liability, and \$200,000 per occurrence for property damage. Coverage for passenger liability bodily injury shall be at least \$200,000 multiplied by the number of seats or passengers, whichever is greater.

(e) Vessel liability. When contract performance involves use of vessels, the Contractor shall provide, vessel collision liability and protection and indemnity liability insurance as determined by the Government as noted in Paragraph 11, Addendum to CAR 1352.228-70.

## **9. ADDENDUM TO CAR 1352.228-70 INSURANCE COVERAGE**

Vessel Liability - When contract performance involves use of vessels, the contracting officer shall require, as determined by the agency (below), vessel collision liability and protection and indemnity liability insurance.

(a) Maintenance of Marine Insurance Coverage. Prior to award and for the remainder of the period of this Contract the Contractor shall maintain the customary full-form marine insurance coverage on the vessels including Hull and Machinery and Protection & Indemnity taking into account scientific personnel employed on board. For the period of the at-sea work, the P&I policy should be adjusted to ensure coverage up to \$5.0 Million. The expense for such insurance coverage shall be for the Contractor's account and shall be deemed to be included in the hire payable under this contract. Copies of the Insurance Policy shall be provided by the Contractor as technical information within the quote package as outlined in the addendum.

SECTION II  
CONTRACT TERMS AND CONDITIONS

(b) Notification to Government. Contractor shall to the maximum extent practicable, keep the Government, through the Contracting Officer, currently informed in writing as to the potential vitiation, suspension, lapse, or termination of any vessels' insurance policies as a consequence of this contract.

(End of clause)

**10. CAR 1352.228-72 DEDUCTIBLES UNDER REQUIRED INSURANCE COVERAGE – FIXED PRICE (APR 2010)**

When the Government is injured, wholly or partially as a result of the Contractor's actions and such actions are covered by the insurance required by 1352.228-70, Insurance Coverage, the Government is entitled to recover from the Contractor the full amount of any such injury attributable to the Contractor regardless of a deductible. The Contracting Officer may offset the amount of recovery against any payment due to the Contractor.

**11. HARMLESS FROM LIABILITY**

The Contractor shall hold and save the Government, its officers, agents, and employees harmless from liability of any nature or kind, including costs and expenses to which they may be subject to or on account of any or all suits or damages of any character whatsoever resulting from injuries or damages sustained by any person or persons or property by virtue of performance of this contract, arising or resulting in whole or in part from the fault, negligence, wrongful act or wrongful omission of the Contractor, or any subcontractor, their employees, and agents.

**12. INVOICES**

(a) Payment will be based on receipt of a proper invoice and satisfactory contract performance and guidelines in FAR 32.9, Prompt Payment.

(1) Original invoices shall be mailed (via U.S. Postal Service) to the designated billing office as follows:

**25. FAR 52.204-7 CENTRAL CONTRACTOR REGISTRATION (DEC 2012)**

(Incorporated by reference: Available at <https://www.acquisition.gov/far>)

SECTION III  
SOLICITATION PROVISIONS

**1. CAR 1352.215-72 INQUIRIES (APR 2010)**

Offerors must submit all questions concerning this solicitation in writing to the Contracting Officer. Questions should be received no later than 20 calendar days after the issuance date of this solicitation. Any responses to questions will be made in writing, without identification of the questioner, and will be included in an amendment to the solicitation. Even if provided in other form, only the question responses included in the amendment to the solicitation will govern performance of the contract.

**2. FAR 52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS (FEB 2012)**  
(Incorporated by reference; available at [www.acquisition.gov/far](http://www.acquisition.gov/far))

**3. ADDENDUM TO FAR 52.212-1**

- (1) Any reference cited in this solicitation to an "offer" is changed to "quote" and any reference cited as "offeror" is changed to "quoter."
- (2) Paragraph (f), Late submissions, modifications, revisions, and withdrawals of offers, of this clause is deleted in its entirety.
- (3) With the price quote, quoters shall submit the following technical information for Government review and evaluation using Attachment 1, Contractor Information Template. Additional sheets may be added if needed:

1. Description of vessel characteristics and configuration, particulars and general arrangement (preferably with photos of deck configuration, berthing arrangement and wheelhouse electronics).

2. Description of vessel's commercial fishing history and any other information important in evaluating the vessel's fishing capability.

3. Description of the Master's and crew's work experience and qualifications including copies of licenses held and emergency medical qualifications and descriptions of research qualifications and past research performed.

4. Past Performance Information.

5. Copies of pertinent vessel documentation including a stability letter from a recognized naval architecture firm if applicable, a copy of the full-form marine insurance coverage on the vessels including Hull and Machinery and P&I and a copy of either a structural survey or insurance carrier inspection.

6. The quoter shall provide an estimate of daily fuel consumption with quote. The fuel estimate should assume for each 24 hour period: trawling for 5 hours, cruising at 8-9 knots for 10 hours, and jogging for 9 hours.

7. Data Waiver Form signed by vessel owner agreeing to release of all data collected during the Cruise (Attachment 2).

SECTION III  
SOLICITATION PROVISIONS

8. Section # 4 below, OFFEROR REPRESENTATIONS AND CERTIFICATIONS--COMMERCIAL ITEMS, must also be completed and returned with the quote if the Contractor is not registered in System for Award Management (SAM).

(End of Addendum)

**4. FAR 52.212-2 EVALUATION-COMMERCIAL ITEMS (JAN 1999)**

(a) The Government will make award resulting from this solicitation to the responsible quoter whose quotes conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors, listed in descending order of importance, shall be used to evaluate quotes:

1. Description of vessel characteristics and configuration, particulars and general arrangement (preferably with photos of deck configuration, berthing arrangement and wheelhouse electronics).

2. Description of vessel's commercial fishing history and any other information important in evaluating the vessel's fishing capability.

3. Description of the Master's and crew's work experience and qualifications including copies of licenses held and emergency medical qualifications and descriptions of research qualifications and past research performed.

4. Past Performance – Identify vessel, master's and crews past performance experience. Quoters shall demonstrate relevant past performance or affirmatively state no relevant past performance.

5. Price.

Factors 1-4, when combined, are significantly more important than price.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for the options (CLINS 0003 and 0004) to the total price for the basic requirement (CLINS 0001 and 0002). The Government may determine that an offer is unacceptable if the option price is significantly unbalanced. Evaluation of the options shall not obligate the Government to exercise the options (CLINS 0003 and 0004) for three additional days.

(c) A written notice of award or acceptance of a quote, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the proposal, shall result in a binding contract without further action by either party. Before the quote's specified expiration time, the Government may accept a quote (or part of a quote). Whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

SECTION III  
SOLICITATION PROVISIONS

**5. FAR 52.212-3 OFFEROR REPRESENTATIONS AND CERTIFICATIONS--  
COMMERCIAL ITEMS (DEC 2012)**

An offeror shall complete only paragraph (b) of this provision if the offeror has completed the annual representations and certifications electronically at <http://orca.bpn.gov>. If an offeror has not completed the annual representations and certifications electronically at the ORCA website, the offeror shall complete only paragraphs (c) through (o) of this provision.

(a) *Definitions.* As used in this provision—

“Economically disadvantaged women-owned small business (EDWOSB) concern” means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States and who are economically disadvantaged in accordance with 13 CFR part 127. It automatically qualifies as a women-owned small business eligible under the WOSB Program.

“Forced or indentured child labor” means all work or service—

(1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or

(2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process or penalties.

“Inverted domestic corporation” means a foreign incorporated entity which is treated as an inverted domestic corporation under 6 U.S.C. 395(b), *i.e.*, a corporation that used to be incorporated in the United States, or used to be a partnership in the United States, but now is incorporated in a foreign country, or is a subsidiary whose parent corporation is incorporated in a foreign country, that meets the criteria specified in 6 U.S.C. 395(b), applied in accordance with the rules and definitions of 6 U.S.C. 395(c).

“Manufactured end product” means any end product in Federal Supply Classes (FSC) 1000-9999, except—

- (1) FSC 5510, Lumber and Related Basic Wood Materials;
- (2) Federal Supply Group (FSG) 87, Agricultural Supplies;
- (3) FSG 88, Live Animals;
- (4) FSG 89, Food and Related Consumables;
- (5) FSC 9410, Crude Grades of Plant Materials;
- (6) FSC 9430, Miscellaneous Crude Animal Products, Inedible;
- (7) FSC 9440, Miscellaneous Crude Agricultural and Forestry Products;
- (8) FSC 9610, Ores;
- (9) FSC 9620, Minerals, Natural and Synthetic; and
- (10) FSC 9630, Additive Metal Materials.

SECTION III  
SOLICITATION PROVISIONS

“Place of manufacture” means the place where an end product is assembled out of components, or otherwise made or processed from raw materials into the finished product that is to be provided to the Government. If a product is disassembled and reassembled, the place of reassembly is not the place of manufacture.

“Restricted business operations” means business operations in Sudan that include power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, as those terms are defined in the Sudan Accountability and Divestment Act of 2007 (Pub. L. 110-174). Restricted business operations do not include business operations that the person (as that term is defined in Section 2 of the Sudan Accountability and Divestment Act of 2007) conducting the business can demonstrate—

(1) Are conducted under contract directly and exclusively with the regional Government of southern Sudan;

(2) Are conducted pursuant to specific authorization from the Office of Foreign Assets Control in the Department of the Treasury, or are expressly exempted under Federal law from the requirement to be conducted under such authorization;

(3) Consist of providing goods or services to marginalized populations of Sudan;

(4) Consist of providing goods or services to an internationally recognized peacekeeping force or humanitarian organization;

(5) Consist of providing goods or services that are used only to promote health or education; or

(6) Have been voluntarily suspended.

“Service-disabled veteran-owned small business concern”—

(1) Means a small business concern—

(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

“Small business concern” means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR Part 121 and size standards in this solicitation.

“Veteran-owned small business concern” means a small business concern—

(1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

SECTION III  
SOLICITATION PROVISIONS

(2) The management and daily business operations of which are controlled by one or more veterans.

“Women-owned business concern” means a concern which is at least 51 percent owned by one or more women; or in the case of any publicly owned business, at least 51 percent of its stock is owned by one or more women; and whose management and daily business operations are controlled by one or more women.

“Women-owned small business concern” means a small business concern—

(1) That is at least 51 percent owned by one or more women; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(2) Whose management and daily business operations are controlled by one or more women.

“Women-owned small business (WOSB) concern eligible under the WOSB Program” (in accordance with 13 CFR part 127), means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States.

(b)

(1) *Annual Representations and Certifications.* Any changes provided by the offeror in paragraph (b)(2) of this provision do not automatically change the representations and certifications posted on the Online Representations and Certifications Application (ORCA) website.

(2) The offeror has completed the annual representations and certifications electronically via the ORCA website at <http://orca.bpn.gov>. After reviewing the ORCA database information, the offeror verifies by submission of this offer that the representations and certifications currently posted electronically at FAR 52.212-3, Offeror Representations and Certifications—Commercial Items, have been entered or updated in the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer and are incorporated in this offer by reference (see FAR 4.1201), except for paragraphs \_\_\_\_\_.

*[Offeror to identify the applicable paragraphs at (c) through (o) of this provision that the offeror has completed for the purposes of this solicitation only, if any.*

*These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.*

*Any changes provided by the offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications posted on ORCA.]*

(c) Offerors must complete the following representations when the resulting contract will be performed in the United States or its outlying areas. Check all that apply.

(1) *Small business concern.* The offeror represents as part of its offer that it \_\_\_ is, \_\_\_ is not a small business concern.

SECTION III  
SOLICITATION PROVISIONS

(2) *Veteran-owned small business concern.* [Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.] The offeror represents as part of its offer that it \_\_\_ is, \_\_\_ is not a veteran-owned small business concern.

(4) *Small disadvantaged business concern.* [Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.] The offeror represents, for general statistical purposes, that it \_\_\_ is, \_\_\_ is not a small disadvantaged business concern as defined in 13 CFR 124.1002.

(5) *Women-owned small business concern.* [Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.] The offeror represents that it \_\_\_ is, \_\_\_ is not a women-owned small business concern.

**Note:** Complete paragraphs (c)(8) and (c)(9) only if this solicitation is expected to exceed the simplified acquisition threshold.

(6) WOSB concern eligible under the WOSB Program. [Complete only if the offeror represented itself as a women-owned small business concern in paragraph (c)(5) of this provision.] The offeror represents that—

(i) It \_\_\_ is, \_\_\_ is not a WOSB concern eligible under the WOSB Program, has provided all the required documents to the WOSB Repository, and no change in circumstances or adverse decisions have been issued that affects its eligibility; and

(ii) It \_\_\_ is, \_\_\_ is not a joint venture that complies with the requirements of 13 CFR part 127, and the representation in paragraph (c)(6)(i) of this provision is accurate in reference to the WOSB concern or concerns that are participating in the joint venture. [The offeror shall enter the name or names of the WOSB concern or concerns that are participating in the joint venture: \_\_\_\_\_.] Each WOSB concern participating in the joint venture shall submit a separate signed copy of the WOSB representation.

(7) Economically disadvantaged women-owned small business (EDWOSB) concern. [Complete only if the offeror represented itself as a WOSB concern eligible under the WOSB Program in (c)(6) of this provision.] The offeror represents that—

(i) It \_\_\_ is, \_\_\_ is not an EDWOSB concern eligible under the WOSB Program, has provided all the required documents to the WOSB Repository, and no change in circumstances or adverse decisions have been issued that affects its eligibility; and

(ii) It \_\_\_ is, \_\_\_ is not a joint venture that complies with the requirements of 13 CFR part 127, and the representation in paragraph (c)(7)(ii) of this provision is accurate in reference to the EDWOSB concern or concerns that are participating in the joint venture. The offeror shall enter the name or names of the EDWOSB concern or concerns that are participating in the joint venture:

SECTION III  
SOLICITATION PROVISIONS

\_\_\_\_\_. Each EDWOSB concern participating in the joint venture shall submit a separate signed copy of the EDWOSB representation.

(8) *Women-owned business concern (other than small business concern)*. [Complete only if the offeror is a women-owned business concern and did not represent itself as a small business concern in paragraph (c)(1) of this provision.] The offeror represents that it is a women-owned business concern.

(9) *Tie bid priority for labor surplus area concerns*. If this is an invitation for bid, small business offerors may identify the labor surplus areas in which costs to be incurred on account of manufacturing or production (by offeror or first-tier subcontractors) amount to more than 50 percent of the contract price: \_\_\_\_\_

(10) [Complete only if the solicitation contains the clause at FAR 52.219-23, Notice of Price Evaluation Adjustment for Small Disadvantaged Business Concerns, or FAR 52.219-25, Small Disadvantaged Business Participation Program—Disadvantaged Status and Reporting, and the offeror desires a benefit based on its disadvantaged status.]

(i) *General*. The offeror represents that either—

(A) It \_\_\_ is, \_\_\_ is not certified by the Small Business Administration as a small disadvantaged business concern and identified, on the date of this representation, as a certified small disadvantaged business concern in the CCR Dynamic Small Business Search database maintained by the Small Business Administration, and that no material change in disadvantaged ownership and control has occurred since its certification, and, where the concern is owned by one or more individuals claiming disadvantaged status, the net worth of each individual upon whom the certification is based does not exceed \$750,000 after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); or

(B) It \_\_\_ has, \_\_\_ has not submitted a completed application to the Small Business Administration or a Private Certifier to be certified as a small disadvantaged business concern in accordance with 13 CFR 124, Subpart B, and a decision on that application is pending, and that no material change in disadvantaged ownership and control has occurred since its application was submitted.

(ii) *Joint Ventures under the Price Evaluation Adjustment for Small Disadvantaged Business Concerns*. The offeror represents, as part of its offer, that it is a joint venture that complies with the requirements in 13 CFR 124.1002(f) and that the representation in paragraph (c)(10)(i) of this provision is accurate for the small disadvantaged business concern that is participating in the joint venture. [The offeror shall enter the name of the small disadvantaged business concern that is participating in the joint venture: \_\_\_\_\_.]

(11) *HUBZone small business concern*. [Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.] The offeror represents, as part of its offer, that—

SECTION III  
SOLICITATION PROVISIONS

(i) It \_\_\_ is, \_\_\_ is not a HUBZone small business concern listed, on the date of this representation, on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration, and no material changes in ownership and control, principal office, or HUBZone employee percentage have occurred since it was certified in accordance with 13 CFR Part 126; and

(ii) It \_\_\_ is, \_\_\_ is not a HUBZone joint venture that complies with the requirements of 13 CFR Part 126, and the representation in paragraph (c)(11)(i) of this provision is accurate for each HUBZone small business concern participating in the HUBZone joint venture. [The offeror shall enter the names of each of the HUBZone small business concerns participating in the HUBZone joint venture: \_\_\_\_\_.] Each HUBZone small business concern participating in the HUBZone joint venture shall submit a separate signed copy of the HUBZone representation.

(d) Representations required to implement provisions of Executive Order 11246—

(1) Previous contracts and compliance. The offeror represents that—

(i) It \_\_\_ has, \_\_\_ has not participated in a previous contract or subcontract subject to the Equal Opportunity clause of this solicitation; and

(ii) It \_\_\_ has, \_\_\_ has not filed all required compliance reports.

(2) *Affirmative Action Compliance*. The offeror represents that—

(i) It \_\_\_ has developed and has on file, \_\_\_ has not developed and does not have on file, at each establishment, affirmative action programs required by rules and regulations of the Secretary of Labor (41 cfr parts 60-1 and 60-2), or

(ii) It \_\_\_ has not previously had contracts subject to the written affirmative action programs requirement of the rules and regulations of the Secretary of Labor.

(e) *Certification Regarding Payments to Influence Federal Transactions* (31 U.S.C. 1352). (Applies only if the contract is expected to exceed \$150,000.) By submission of its offer, the offeror certifies to the best of its knowledge and belief that no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress on his or her behalf in connection with the award of any resultant contract. If any registrants under the Lobbying Disclosure Act of 1995 have made a lobbying contact on behalf of the offeror with respect to this contract, the offeror shall complete and submit, with its offer, OMB Standard Form LLL, Disclosure of Lobbying Activities, to provide the name of the registrants. The offeror need not report regularly employed officers or employees of the offeror to whom payments of reasonable compensation were made.

(f) *Buy American Act Certificate*. (Applies only if the clause at Federal Acquisition Regulation (FAR) 52.225-1, Buy American Act—Supplies, is included in this solicitation.)

(1) The offeror certifies that each end product, except those listed in paragraph (f)(2) of this provision, is a domestic end product and that for other than COTS items, the offeror has considered components of unknown origin to have been mined, produced, or manufactured outside the United

[List as necessary]

(4) *Trade Agreements Certificate*. (Applies only if the clause at FAR 52.225-5, Trade Agreements, is included in this solicitation.)

(i) The offeror certifies that each end product, except those listed in paragraph (g)(4)(ii) of this provision, is a U.S.-made or designated country end product, as defined in the clause of this solicitation entitled "Trade Agreements."

(ii) The offeror shall list as other end products those end products that are not U.S.-made or designated country end products.

Other End Products:

**Line Item No.    Country of Origin**

Line Item No.	Country of Origin

[List as necessary]

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American Act. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1)  Are,  are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2)  Have,  have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local Government

SECTION III  
SOLICITATION PROVISIONS

contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) \_\_\_ Are, \_\_\_ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) \_\_\_ Have, \_\_\_ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for *Listed End Products (Executive Order 13126)*. [*The Contracting Officer must list in paragraph (i)(1) any end products being*

(2) *Certification. [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]*

(i) The offeror will not supply any end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product.

(ii) The offeror may supply an end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product. The offeror certifies that it has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture any such end product furnished under this contract. On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

(j) *Place of manufacture.* (Does not apply unless the solicitation is predominantly for the acquisition of manufactured end products.) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly—

(1)  In the United States (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or

(2)  Outside the United States.

(k) *Certificates regarding exemptions from the application of the Service Contract Act.* (Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) [*The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.*]

(1) Maintenance, calibration, or repair of certain equipment as described in FAR 22.1003-4(c)(1). The offeror  does  does not certify that—

(i) The items of equipment to be serviced under this contract are used regularly for other than Governmental purposes and are sold or traded by the offeror (or subcontractor in the case of an exempt subcontract) in substantial quantities to the general public in the course of normal business operations;

(ii) The services will be furnished at prices which are, or are based on, established catalog or market prices (see FAR 22.1003-4(c)(2)(ii)) for the maintenance, calibration, or repair of such equipment; and

SECTION III  
SOLICITATION PROVISIONS

(iii) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract will be the same as that used for these employees and equivalent employees servicing the same equipment of commercial customers.

[ ] (2) Certain services as described in FAR 22.1003-4(d)(1). The offeror \_\_\_ does \_\_\_ does not certify that—

(i) The services under the contract are offered and sold regularly to non-Governmental customers, and are provided by the offeror (or subcontractor in the case of an exempt subcontract) to the general public in substantial quantities in the course of normal business operations;

(ii) The contract services will be furnished at prices that are, or are based on, established catalog or market prices (see FAR 22.1003-4(d)(2)(iii));

(iii) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Act wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

# Quick Start Guide for Entities Interested in Being Eligible for Government Contracts

## How to register your entity to be eligible for CONTRACTS in SAM:

### Before you register, you need to know the following:

#### What is an Entity?

In SAM, your company/business/organization is now referred to as an "Entity."

#### REGISTERING IN SAM IS FREE.

- If you were registered in CCR, your company's information is already in SAM. You just need to set up a SAM account. See the "Migrating Roles" Quick Start Guide.

#### Your Entity's DUNS Number

You need a DUNS to register your entity in SAM.

- If you do not have a DUNS number, you can request a DUNS number for free by visiting D&B at <http://fedgov.dnb.com/webform>
- It takes 1-2 business days to obtain a DUNS.

#### Your Entity's Taxpayer Identification Number (TIN)

You need your entity's Tax ID Number (TIN) and taxpayer name (as it appears on your last tax return). Foreign entities that do not pay employees within the U.S. do not need to provide a TIN.

- A TIN is an Employer Identification Number (EIN) assigned by the Internal Revenue Service (IRS).
- Sole proprietors may use their Social Security Number (SSN) assigned by the Social Security Administration (SSA) if they do not have a TIN, but please be advised it will not be treated as privacy act data in SAM.
- To obtain an EIN visit: [www.irs.gov/businesses/small/article/0,,id=102767,00.html](http://www.irs.gov/businesses/small/article/0,,id=102767,00.html)
- Activating a new EIN with the IRS takes 2-5 weeks.

### Steps For Registering Your Entity in SAM

1. Go to [www.sam.gov](http://www.sam.gov)
2. Create a Individual Account and Login
3. Click "Register New Entity" under "Register/Update Entity" on your "My SAM" page
4. Select your type of Entity
5. Select "Yes" to "Do you wish to bid on contracts?"
6. Complete "Core Data"
  - ✓ Validate your DUNS information
  - ✓ Enter Business Information (TIN, etc.)
  - ✓ Enter CAGE code if you have one. If not, one will be assigned to you after your registration is completed. Foreign registrants must enter NCAGE code.
  - ✓ Enter General Information (business types, organization structure, etc)
  - ✓ Financial Information (Electronic Funds Transfer (EFT) Information)
  - ✓ Executive Compensation
  - ✓ Proceedings Details
7. Complete "Assertions"
  - ✓ Goods and Services (NAICS, PSC, etc.)
  - ✓ Size Metrics
  - ✓ EDI Information
  - ✓ Disaster Relief Information
8. Complete "Representations and Certifications"
  - ✓ FAR Responses
  - ✓ Architect-Engineer Responses
  - ✓ DFARS Responses
9. Complete "Points of Contact"
10. Your entity registration will become active after 3-5 days when the IRS validates your TIN information.
